Subject: Oregon cleanup standards regulation
Date: Thursday, May 21, 2015 2:50:03 PM

Hi, Gary. Cami Grandinetti has told me that Kevin has raised some questions on how Oregon's cleanup standard regs. (10-6 for individual carcinogens, 10-5 for cumulative cancer risk, HI of 1, and only natural background can go higher) may be applied at Portland Harbor. Cami and Kevin said you and I should talk. Are you available this afternoon or next Tuesday to talk? I'm working at home today but could call you between now and 5 p.m. today. I'm open Tuesday between 9 and 10 a.m. and after 1:00 p.m. If you want me to call you today, could you send me your number as I don't have it with me. Thanks.
